

Holiday clinic services on Chung Yeung Festival

The following is issued on behalf of the Hospital Authority:

The Hospital Authority (HA) spokesperson today (October 5) reminded members of the public that 13 general out-patient clinics (see table below) under the HA will continue to provide services on the Chung Yeung Festival next Monday (October 7). Members of the public requiring medical consultation can make advance bookings for an appointment through the telephone appointment system as usual.

The Accident and Emergency (A&E) Departments in public hospitals will also operate as usual during the holiday to serve patients with urgent medical needs. In view of the expected increase in A&E attendance during the holiday, the spokesperson said that priority would be accorded to patients with critical and emergency conditions as assessed under the established A&E triage system. The HA appeals to the public for their understanding and co-operation while waiting for consultations. Non-urgent patients are advised to consider seeking consultations at general out-patient clinics, private doctors or the 24-hour clinics of private hospitals.

The latest A&E waiting time information is available on the HA website and in the "HA Touch" mobile app. As an alternative, non-urgent patients are advised to consider seeking consultation at general out-patient clinics or the primary clinics of private doctors. To help find the appropriate family medicine doctor and related clinic service of their choice, members of the public are welcome to browse the Primary Care Directory of the Department of Health at www.pcdirectory.gov.hk.
