Hospital Authority announces positive patient cases detected via admission screening or testing and clusters of nosocomial COVID-19 infections

The following is issued on behalf of the Hospital Authority:

The Hospital Authority today (August 13) announced information regarding patients who tested positive via admission screening or testing with patients or staff members identified as close contacts and nosocomial COVID-19 infection cases.

The following are the statistics of patients who tested positive via admission screening or by testing in public hospitals with patients or staff members identified as close contacts:

Hospital/clinic	Number of patients who tested positive	Number of patients identified as close contacts	Number of staff members without appropriate personal protective equipment identified as close contacts
Pamela Youde Nethersole Eastern Hospital	1	2	—
Queen Mary Hospital	2	4	—
Queen Elizabeth Hospital	1	2	—
Kwong Wah Hospital	1	1	—
Prince of Wales Hospital	3	4	—
Tai Po Hospital	1	1	—
Pok Oi Hospital	1	1	—

The following are the statistics of clusters of nosocomial infection cases in public hospitals:

Hospital/clinic	Number of patients who tested positive	Number of staff members who tested positive
Kwai Chung Hospital	2	—

| Castle Peak Hospital | 2 | – |

Thorough cleansing and disinfection have been conducted for the wards concerned. The hospitals will continue to monitor the health condition of patients and staff members closely, and communicate with the Centre for Health Protection on the latest situation.
