Quantum Leap in Trading Across Border parameter of Ease of Doing Business rankings released by World Bank

The rank in Trading Across Borders has taken a quantum leap from 146 to 80 in the Doing Business report released by World Bank today. Among the 11 parameters based on which the rankings are determined and which include indices like Starting a Business, Getting Electricity and Resolving Insolvency, the improvement in India's overall ranking this year can be mainly attributed to an exceptional performance in Trading across Borders where India's rank improved from 146 to 80 since last year.
