

July 2022 issue of "Hong Kong Monthly Digest of Statistics" now available

The Census and Statistics Department (C&SD) published today (July 15) the July 2022 issue of the "Hong Kong Monthly Digest of Statistics" (HKMDS).

Apart from providing up-to-date statistics, this issue also contains two feature articles entitled "Foreign Affiliates Statistics of Hong Kong" and "Trade between Hong Kong and the Mainland of China".

"Foreign Affiliates Statistics of Hong Kong"

With globalisation of the world economy, it is popular for multinational enterprises to provide services to customers in another economy through setting up affiliated companies abroad.

In view of the importance of services supplied via this mode, C&SD has developed a statistical framework for compiling relevant statistics, known as "foreign affiliates statistics (FATS)". This feature article briefly describes the statistical system for compiling inward FATS, and presents selected inward FATS of Hong Kong for 2020. It is an update of similar articles on the same subject published in preceding years.

For enquiries about this feature article, please contact the Trade in Services Statistics Section of the C&SD (Tel: 3903 7410; email: tis@censtatd.gov.hk).

"Trade between Hong Kong and the Mainland of China"

Hong Kong has maintained a close trading relationship with the mainland of China (the Mainland) for many years. In the past decade, the Mainland was Hong Kong's largest destination of total exports and supplier of imports, on average accounting for 55.6% and 46.9% of Hong Kong's total exports and imports respectively.

This feature article analyses the performance and highlights the salient features of merchandise trade between Hong Kong and the Mainland during the period from 2012 to 2021.

For enquiries about this feature article, please contact the Trade Analysis Section of the C&SD (Tel: 2582 5026; email: trade@censtatd.gov.hk).

Published in bilingual form, the HKMDS is a compact volume of official statistics containing about 140 tables. It collects up-to-date statistical series on various aspects of the social and economic situation of Hong Kong. Topics include population; labour; external trade; National Income and Balance of Payments; prices; business performance; energy; housing and property; government accounts, finance and insurance; and transport, communications and tourism. For selected key statistical items, over 20 charts depicting the annual trend in the past decade and quarterly or monthly

trend in the recent two years are also available. Users can download the Digest at the website of the C&SD (www.censtatd.gov.hk/en/EIndexbySubject.html?pcode=B1010002&scode=460).
