

[Kitchen fitter sentenced after illegally carrying out gas work](#)

An unregistered self-employed kitchen fitter has been sentenced after carrying out illegal gas work.

Exeter Crown Court heard how Brian Squibb, trading as BKS Kitchens and Bathrooms, was contracted to fit kitchens and signed an installer agreement giving the name of a Gas Safe member as the engineer he would use for gas work. However, in the summer of 2019, Brian Squibb carried out gas work at two properties in Exeter himself, falsely using another person's name and registration number.

An investigation by the Health and Safety Executive (HSE) found that Mr Squibb has never had any competencies in gas work or been a member of the Gas Safe Register. However, he had removed an existing natural gas hob and capped off a live gas supply failing to check for gas tightness.

On completion of this work Mr Squibb produced documentation for the homeowners falsely using a registered gas engineer's name and Gas Safe Register details in an attempt to hide his unregistered gas work

Brian Squibb of Elizabeth Avenue, Exeter, Devon pleaded guilty to breaching Regulation 3(1), 3(3) and 3(7) of the Health and Safety at Work Act 1974. He was sentenced to eight months in prison, suspended for 24 months and ordered to undertake 120 hours unpaid work. He was also ordered to pay costs of £4,250.

Speaking after the hearing, HSE inspector Simon Jones said: "Brian Squibb undertook gas work, which he knew he was not registered to do. He then tried to cover up his unregistered and incompetent gas work by producing fraudulent documentation.

"All gas work must be done by registered Gas Safe engineers to ensure the highest standards are met to prevent injury and loss of life"

Notes to Editors:

1. The Health and Safety Executive (HSE) is Britain's national regulator for workplace health and safety. We prevent work-related death, injury and ill health through regulatory actions that range from influencing behaviours across whole industry sectors through to targeted interventions on individual businesses. These activities are supported by globally recognised scientific expertise. www.hse.gov.uk
