

Leadership of the country

Given the unusual events playing out this week I write this short piece to give people an opportunity to send in their views. I am consulting widely on what should now happen.

I am strongly of the view that the issue of leadership has to be resolved by the Conservative Parliamentary party. An early General election is not in the national interest. We need urgent Ministerial action to promote growth and tackle the cost of living crisis. There is a majority to do what needs doing.
