

# LegCo Panel on Transport visits Citybus and New World First Bus Depot (with photos)

The following is issued on behalf of the Legislative Council Secretariat:

The Legislative Council Panel on Transport (Panel) conducted a visit to the Citybus and New World First Bus Depot today (June 8) to understand the new features of buses and the operation of the bus depot.

Members took a Citybus to the bus depot in Chai Wan. They took the opportunity to learn more about various safety enhancement features and passenger-friendly facilities on the bus, including the electronic stability control system, active speed limiting system, advanced driver-assistance system that can monitor the driver's conditions, as well as the installation of seat belt on all seats, etc.

Members were then briefed by representatives of the bus operators on their bus services and future development after arriving at the depot. They also exchanged views on issues of mutual concern. Members then had a tour in the bus depot and observed a new plug-in hybrid electric coach.

Members who participated in the visit were the Chairman of the Panel, Mr Frankie Yick; the Deputy Chairman, Mr Chan Han-pan; Panel Members Mr Poon Siu-ping and Mr Lau Kwok-fan.
