The EUIPO is organising the third webinar related to the SME Fund: **‘Need an intellectual property strategy?’**

Grow your business with an IP Scan’

The webinar aims to provide an informative discussion on how an IP Scan (IP Pre-diagnostic) service can help SMEs to manage their IP rights (trade marks, patents, designs, trade secrets etc.). IP Scan experts will also explain how an IP Scan is carried out giving some real life examples. SMEs can be reimbursed 75% of the cost of their IP Scan via the SME Fund.

[You can register for the webinar in advance or join on March 23 at 10.00 CET](#)
