

# MAIB Annual Report 2019 published

News story

This report provides information on the branch's activities during 2019.

Today, we have issued our annual report which details the work of the branch during 2019 and includes:

- an overview from the Chief Inspector of Marine Accidents
- a summary of investigations started
- details of investigation reports published
- recommendations issued in 2019 and an update on their status
- updates on recommendations made in previous years

Marine accident statistics will be published in a separate document later this year.
