

MEP Bernd Kolmel visits Strasbourg operational site

□Mr Bernd Kolmel, Member of the European Parliament and the ECR coordinator on the Budget Committee, visited eu-LISA's premises in Strasbourg yesterday.

As rapporteur for the BUDG Opinion on ECRIS-TCN, Mr Kolmel was interested in getting to know more about the activities of the Agency, its mandate, the current systems under eu-LISA's responsibility and our future challenges.

Points raised by the MEP during discussions focused not only on budgetary aspects, considerations on the new MFF and the needs of the Agency in terms of resources, but also on aspects related to security and measures implemented by the Agency to address physical, personal and data security as well as potential risks of cyber-attacks.
