

Missing patient from Queen Mary Hospital was found

The following is issued on behalf of the Hospital Authority:

Regarding a missing patient case yesterday, the spokesperson for Queen Mary Hospital (QMH) today (September 17) made the following update announcement:

A 52-year-old female patient was found missing yesterday after using QMH's Non-Emergency Ambulance Transfer Service. She was located by the Police late last night. The patient was picked up by her family members to return home.
