

My Visit to M2M Pharmaceutical's New Site Opening at Winnersh Triangle

I was the guest of honour at the opening of the new premises for M2M, an expanding small business undertaking contract scientific research. Now based at Winnersh Triangle, the company specialises in particle analysis for use in the pharmaceutical industry. In my speech I praised them for their work and growth so far and wished the seven employees well in developing new clients and new ideas that will help in the fight against disease.
