

National Statistics: Historical statistics notices on the incidence of tuberculosis (TB) in cattle in Great Britain, 2017

Updated: Revised Quarterly Statistical notice for 4th Quarter.

This publication gives previously published copies of the quarterly and monthly statistics publication on the incidence of tuberculosis (TB) in cattle for Great Britain in 2017. Each publication gives the figures that were available at that time. The figures are subject to revision each month as new information becomes available.

The latest publication and the accompanying data sets can be found [here](#)
