

# National Statistics: Northern Ireland local authority collected municipal waste management statistics annual report 2016/17

This report presents information on the quantities of local authority collected municipal waste managed in Northern Ireland. It provides information on the quantities and rates of local authority collected waste arisings, sent for preparing for reuse, for dry recycling, composting, energy recovery and sent to landfill. Some of these measurements are key performance indicators. These are used to assess progress towards achieving waste strategy targets and where appropriate this is highlighted in the tables and charts.
