The webinar provided information about the £6 million Innovation Fund competition, for those who couldn't make it to the [main networking event on 23 February 2017](#).

The [competition](#) is seeking new technologies, processes and ways of working to improve the way we analyse and exploit data. With the relationship between human and information at the centre of war-fighting we need Defence leaders to have access to the right information on critical issues to enable decision making that outpaces our adversaries.

Phase 1 proposals are now invited and must be received by no later than 12 noon on 21 March 2017.
