

[News story: Annual Safety Review 2017 published](#)

The [Annual Safety Review](#) for 2017 contains information on the AAIB's activity during 2017 and includes an overview of the 29 Safety Recommendations and Safety Actions published in the 39 field and 220 correspondence investigation reports during the year.

It also includes statistical information on the accident causal factors established by AAIB investigations across the aviation industry. To complement this, there is an AAIB general aviation fatal accident review which looks at the causal trends and has links to further research papers, regulatory advice and other useful sources of information for the private aviator. There is also an article on human factors in accident investigation and how the AAIB is developing its capability in this important field.
