## <u>News story: Collision between</u> <u>passenger train and equipment near</u> <u>Clapham</u>

Collision between passenger train and loaded trollies near Clapham, North Yorkshire, 24 August 2017.

At around 09:24 hrs on Friday 25 August 2017, a passenger train struck three stationary engineering trolleys loaded with wooden sleepers at 34 mph (55 km/h). The collision caused damage to the train, the trolleys, the sleepers and the track.

We have undertaken a <u>preliminary examination</u> into the circumstances surrounding this incident. Having assessed the evidence which has been gathered to date, we have decided to publish a <u>safety digest</u>.

The safety digest will shortly be made available on our website.
