

News story: Contract termination notice

The termination notice is effective from 1 September 2017, allowing for a 24 month notice period, ending on 31 August 2019.

NDA and CFP have reached agreement on the work to be performed on the sites during the contract's remaining two years, as well as the arrangements and agreed state in which CFP will leave the sites at the end of the contract.

The NDA continues to believe that this is the best course of action for the taxpayer, removing the legal risk and ensuring the continued safe, secure operations of the sites.
