Start-up companies and entrepreneurs with pioneering ideas are invited to apply for grant funding of up to £20,000, by Thursday 17 August 2017. We expect business ideas that use our land and property or geospatial datasets will benefit the conveyancing process, making it simple, faster and cheaper for everyone.

Who can apply

Geovation is open to any technology company creating property or location-based products or services. There are two routes to apply for funding:

- PropTech Programme, run in partnership with Ordnance Survey, supports innovative technology businesses who use location or property data to revolutionise the property industry
