

News story: Help the Charity Commission develop digital services

We are looking for people to help us test our digital services to make them easier to use.

We are developing a number of digital services to make it easier for you to complete tasks online. As part of this development we are testing services with the charity sector, and using the feedback to improve them.

Testing services with real users helps us to understand needs, and create the best possible experience online.

By taking part in user research and testing sessions, you'll also have the opportunity to positively influence our services.

We will be hosting several sessions across the country over the coming months. If you think you can help [complete the online form](#) and submit.
