The Industrial Injuries Advisory Council (IIAC) provides advice to the Secretary of State for Work and Pensions and the Department for Communities in Northern Ireland on matters relating to the industrial injuries scheme. In particular, they give advice on which diseases, and the jobs that cause them, should be included in the scheme.

The council is formed of medical, scientific and legal experts, and representatives of employers and employed earners.

The council does not represent the Department for Work and Pensions and has no involvement in individual claims or decisions.
