<u>News story: Leading UK aerospace</u> <u>designs: funding for projects</u>

The UK's aerospace sector is among the best in the world, with a <u>turnover of</u> <u>f35 billion and hosting 123,000 direct employees in 2017</u>. To remain at its peak, the UK needs to explore emerging opportunities and markets.

Organisations are invited to express an interest in a competition worth £150 million a year with their innovative ideas for future aerospace design and manufacture. The best projects will then be invited to apply for grant funding.

The investment is part of the £3.9 billion <u>UK Aerospace Research and</u> <u>Technology (UKART) programme</u>, a partnership between government and industry, managed by Innovate UK, the <u>Aerospace Technology Institute (ATI)</u> and the <u>Department for Business, Energy and Industrial Strategy</u>.

Moving up

This competition provides funding for industrial research or capital investment projects that align with the <u>UK Aerospace Technology Strategy</u>.

Priority areas include whole aircraft design and integration, aerostructures, advanced systems and propulsion technologies.

Project themes are detailed in the UK Aerospace Technology Strategy, and include:

- improving UK whole-aircraft design and system integration
- future-proofing advanced systems technologies in the UK specifically, smart, connected and more electric aircrafts
- securing the UK's world-leading position in large, complex aviation structures, particularly wings
- developing more efficient propulsion technologies, including large turbofans

Competition information

- the competition will open on 3 June 2019, and the closing date is 19 June 2019
- UK-based business, research and technology groups and academic organisations can be the project lead, depending on the project type
- businesses could get up to 70% of their costs for industry-led research projects, or up to 50% of their costs for capital investment projects
- organisations must sign up to the ATI framework agreement
- an online briefing event will be held on 10 June 2019 where organisations can find out more about the competition and applying
