

[News story: Ofqual's approach to external quality assurance](#)

Ofqual has published a [guide for employers](#) detailing the way in which we, as the statutory regulator of qualifications, approach the external quality assurance of end-point assessments. Today's publication adds to a [suite of information and guidance that we have previously published in relation to our role](#).

We have also published [a speech](#) and [associated slides](#) by Phil Beach, Executive Director for Vocational and Technical Qualifications, from our recent employer engagement event.
