

[News story: Your chance to question Ministry of Defence medals and records experts at Family History Shows](#)

The MOD Medals and Records Offices, part of DBS are to attend the Family History Show events at York on 23 June and Sandown on 22 September, see <https://thefamilyhistoryshow.com/>. The shows are attended by family historians, societies and genealogical organisations. The MOD stand, supported by TNT UK Ltd, will be staffed by a DBS team, with colleagues from the Air Historical Branch and TNT Navy Record Search Service.

They will offer:

Live post 1921 service record search facility.

The MOD continues to hold all service records where the individual had a discharge date of post 1921, these total around 10 million records, with about 500,000 having seen service in World War 1. Using a sophisticated database that supports the MOD's main archive, an assisted search facility will be offered that will in many cases enable confirmation of whether or not the MOD holds a record for an individual. This information can then be used to apply for the record using the forms on Gov.uk. To assist the search, some or all of the following information is required: surname, initials, date of birth and service number.

World War 2 RAF casualty packs search facility.

RAF casualty packs from World War 2 are being transferred from the MOD to The National Archives. Using the MOD's archive and cataloguing database, an assisted search facility will enable identification of the pack that may relate to an individual. This information can then be used to either access the pack at The National Archives, or, for those yet to be transferred, apply for details from the pack using the forms on Gov.uk. To assist the search, the following information is required: the name of the individual(s), date of incident and type of aircraft.
