

No change to MHRA advice on the safety and effectiveness of COVID-19 vaccines for those who are pregnant or breastfeeding

News story

Our advice remains that the COVID-19 vaccines are safe and effective during pregnancy and breastfeeding

We are aware of false claims on social media that our advice on the safety and effectiveness of COVID-19 vaccines while pregnant or breastfeeding has changed.

We would like to reassure the public that our advice has not changed. Our advice remains that the COVID-19 vaccines are safe and effective during pregnancy and breastfeeding and there is substantial evidence to support this advice.

For our latest advice, please see our [Summary of Coronavirus Yellow Card Reporting](#) or the [Summary of Product Characteristics](#).
