

Getting things done – Roseangle playpark #dundeewestend

A resident recently advised as follows :

“We frequent the playpark near Magdalen Green regularly and have noticed a lot of nettles around the equipment. We appreciate that council has made the choice to let some grass grow longer and are complete on board with that but it makes it hard to enjoy the park when there are large nettle bushes around these attractions.”

This is a very valid concern and I raised this with environment management to have nettles/weeds near play equipment removed.

Additionally, a resident also recently pointed out :

“I am just emailing about the gate at Roseangle playpark which faces onto the road at Roseangle. That gate does not have the usual bolt/closing mechanism (I am not sure if it has become broken at some point?) to stop it simply being pulled open by small children which, given the location next to a road, seems an obvious safety issue.”

I immediately raised this with the City Council and the Service Manager (Environment) responded very promptly as follows :

“I can confirm that the gate was secured yesterday as a temporary measure, until a repair is undertaken to the slide bolt over the next few days.”

Temporary Traffic Order – Ancrum Drive

The following temporary traffic order comes from the City Council.

There's a bit of background to this one! The work is to be undertaken by Scottish Water to repair a collapsed manhole in the middle of the street in Ancrum Drive.

I am grateful to the City Council who, at my request following concerns from residents when the temporary cover moved away from the hole, attended to move it back over the substantial hole in the road.

The original date for the work was not until 26th July and I viewed that as totally unacceptable – a month away – given the location of the problem, challenge for vehicles getting past given the cones around the temporary

cover, the cones themselves moving and the extent of the hole.

I asked the City Council to request that Scottish Water get the permanent repair done ASAP and am pleased to say the work will now be undertaken and completed this Wednesday.

Temporary Traffic Order :

THE ROAD TRAFFIC REGULATION ACT 1984 – SECTION 14(1)

THE DUNDEE CITY COUNCIL AS TRAFFIC AUTHORITY being satisfied that traffic on the road should be prohibited by reason of Scottish Water repair works being carried out HEREBY PROHIBIT the driving of any vehicle in Ancrum Drive (outside number 47), Dundee.

This notice comes into effect on Wednesday 30 June for one day.

Pedestrian thoroughfare will be maintained.

Alternative routes for vehicles are available via Tullideph Road / Ancrum Road.

For further information contact 433082.
