

## Getting things done – Osborne Place #dundeewestend

Following residents' complaints to me about a series of potholes in Osborne Place, I brought this to the attention of the council's Roads Maintenance Partnership and have been updated as follows :

**"An order has ... been raised for potholes in Osborne Place with a timescale for repair of approximately one week."**

## No ward surgery tonight

As today is an in-service day at local schools, my usual ward surgery at Blackness Primary School does not take place but I can be contacted at any time at home on 459378 or by e-mail at [surgery@frasermacpherson.org.uk](mailto:surgery@frasermacpherson.org.uk).

My surgeries resume again next Monday. Details are available [here](#).

## Getting things done – Greenbank Place #dundeewestend

Residents highlighted to me recently the poor road condition in Greenbank Place and also a chocked street drain.

I raised this with the council's Roads Maintenance Partnership and have now received the following response :

“Greenbank Place is provisionally included in the 2019/2020 Carriageway Programme for resurfacing. An inspection has been carried out and there are currently no actionable defects on the adopted section however an order has been raised for the repair of three potholes on the non adopted section with an approximate timescale of twenty eight days.

The gullies were last emptied in February 2017 so the gully machine is not due to attend again until approximately September 2018 however will re-visit the blocked gully as soon it is available to do so, hopefully within the next week or so.”

## [West End Community Council meeting tonight #dundeewestend](#)

I have today launched my November 2017 Update to West End Community Council.

It covers the forthcoming West End Christmas Fortnight events – see details below and you can also [download](#) the full Update [here](#).

The Community Council meets tonight at Logie St John’s (Cross) Church Hall at 7pm – all residents welcome.

A fabulous West End Christmas Fortnight launches soon!

Saturday 25th November sees the start of the West End Christmas Fortnight and there will be a fortnight of superb community events across the West End of Dundee.

On Wednesday 29th November the Christmas Lights Switch On for the West End

will take place including a spectacular fireworks extravaganza.

This year's West End Christmas Concert takes place that evening at Dundee West Church at 6.15pm.

There will be musical contributions from all local primary and secondary schools. The Concert will be hosted by Gordon Sharp.

We are delighted that "The Notables" will perform as well as local school pupils – it will be a great concert and everyone is very welcome to attend.

Mains of Fintry Pipe Band will pipe everyone from the church to Seabraes for the Christmas Lights Switch-On.

At 7pm, Loadsaweeminsinging will perform by the tree and thereafter at 7.20pm the West End Christmas Lights will be switched on at Seabraes by Lord Provost Ian Borthwick, ably assisted by Santa and his sleigh.

There will again be a spectacular fireworks display after the lights switch-on.

West End Christmas Fortnight is packed with events and we hope that, as in the past 17 years, the local community will take part.

We are extremely grateful to all the local businesses for their support of the Christmas Fortnight, without which the events would not be possible.

#### **Other main West End Christmas Fortnight events include :**

- Saturday 25th November : Christmas Fortnight starts with Dundee West Church's Christmas Coffee Morning taking place in the church – 10am to 12 noon – enter from the church's entrance at 132 Perth Road.

## Council to review street cleaning changes

Dundee City Council's Policy and Resources Committee has agreed to review the effectiveness of changes made to the street cleaning operation across the city, following implementation of a report in December 2015 that has resulted in alteration to the service and removal of street cleaning posts.

I made the request to the Policy and Resources Committee as it is important that the council reviews the situation to ensure that there is no reduction in the effectiveness of the street cleaning service.

My motion – accepted unanimously by councillors – states :

### **“Street Cleaning and Open Space Management**

#### **Motion by Bailie Fraser Macpherson**

**Given that it is approaching two years since adoption of Report 439-2015 on the Street Cleaning and Open Space Review, adopted at committee on 7th December 2015, this committee instructs Neighbourhood Services to review the effectiveness of the street cleaning revised operation to ensure that the changes undertaken since 2015 have not significantly impacted on the quality of street cleaning in any part of the city.**

**A report on the outcomes of such a review should be brought back to committee, together with any necessary recommendations, to ensure Dundee City Council maintains good quality street cleaning standards across the city over the coming years.”**

Earlier this year, Accounts Commission reported that the streets of Dundee are becoming dirtier – the report showing that Dundee's street cleanliness score fell by 1.6% over the past six years and the council's spending on street cleaning, per 1 000 residents, had been reduced by 39.8% over the same period.

The staff doing street cleaning do an excellent job. However, recent changes have already resulted in some 26 fewer posts in street cleaning and this is bound to affect the service. It is really important therefore that the street cleaning operation is fully reviewed and I am pleased the council has agreed to this.

A photo of an example of residents' complaints about street cleaning (taken in Annfield Road) is shown above right – I highlighted this example at the Policy and Resources Committee.
