* On this work in Dunmore Drive/Gardens postponed from late 2022, we sought assurances from the City Council that the work will take place in early 2023. We have been advised as follows from the Senior Engineer – Roads Maintenance Partnership :

“At present all being well, the works are currently programmed for the last week in February, first week in March.

The only sticking point is with the increases in the Bitumen prices there may be a possibility that the works may be postponed until after March. I am currently working out the likely outturns for the works on site now against the budget so should have a better idea by the end of (this) week.

Once this has been completed I will let you know.”

[Swing dancing taster class](#) [#dundeewestend](#)

Dundee University Swing Dance is continuing the academic year with a new semester of classes and share the joy of swing dancing with you.

This class will be a taster of swing dance, perfectly suited to those new to swing or even new to dancing.

It is also a great chance for the more experienced dancers among us to brush up on the basics and get back into the 'swing' of things!

All welcome – and find out more at www.facebook.com/DUSwingDance

[Elliot Road tennis courts – an update](#) [#dundeewestend](#)

Residents will recall that, back in September of last year, we highlighted the deteriorated state of the Elliot Road playing field's tennis courts.

Having raised this with the City Council, Fraser took part in a very useful meeting at that time, including representatives from Dundee City Council, Harris Academy, sports clubs representatives and West End Community Sports Hub.

Yesterday, a follow-up meeting took place that Fraser took part in. The

tennis courts have since seen work to the blaze surface to remove weeds and will be raked and rolled before the spring.

We discussed at some length funding options to create a proper, multi-functional facility. A collective bid to external organisations covering around five Dundee projects will be made in the coming months, including Elliot Road, which is really good news.

We will, of course, keep residents updated on further developments.

[Community Councils across Dundee – public consultation](#)

During 2023, the City Council will formally review its scheme for the establishment of Community Councils.

There are a number of Community Councils (such as West End and Broughty Ferry) and Neighbourhood Representative Structures (such as Ardler Village Trust and Kirkton Community Partnership) currently operating in Dundee.

The council is asking Dundee residents to take part in an informal consultation.

Further details can be found at www.bit.ly/commcouncils23

The survey closes on Friday 20th January.

[Getting things done – Perth Road – an update #dundeewestend](#)

Some time ago, we reported to the Roads Maintenance Partnership that one of the two bollards on Perth Road near the bottom of Ryehill Lane (just west of Dil Se restaurant) was missing and also asked that it repaired the grating adjacent to the bollards as it was knocked off and needed reinstated.

The bollard was promptly repaired but the grating – polychannel – remains to be sorted.

We have now been promised that a programme of polychannel repairs has been agreed so hopefully this will be resolved soon.
