

Getting things done – Hawkhill #dundeewestend

Residents recently highlighted to me the poor pavement surface on Hawkhill outside Sinderins Court.

I have therefore reported this to the City Council's Roads Maintenance Partnership, requesting repairs.

Dundee City Council slammed over parking complacency #dundeewestend

I have today slammed Dundee City Council for a complacent and wholly unacceptable response to the recent residents' parking consultation in the West End, Coldside and Maryfield.

A report coming to the council's City Development Committee on 7th March recommends no further consultation and no actions whatsoever to improve parking in the areas concerns which I feel is really utterly pathetic.

The council has decided to wash its hands on helping residents with the parking situation and on the back of a wholly inadequate online consultation process. Written responses from the public amounting to the grand total of only 50, 40 of which came from the West End – just 5 responses in each of the other two wards. Only 30 people took part in the council's online consultation events. No surprise really as they were badly advertised and the engagement can be best described as a bit flat.

There are thousands of residents in the affected areas but the council gets paltry numbers taking part – it is entirely the council's fault. The council has totally failed to consult properly and you cannot in all reasonableness draw conclusions about lack of support for tackling the parking issues on the back of such an utterly inadequate and half-baked consultation.

I will be opposing the recommendation to ditch the process and will be proposing further consultation with the community to get a better community consensus on ways to improve parking and assist residents to get parked far more easily nearer their homes, adding that commuter parking must be tackled for the benefit of the residents who live in the affected parts of the West End.

It is unacceptable that parking charges in local car parks were still being levied on residents with no permit scheme for residents living in the area. I will make proposals to the City Development Committee to address this.

The council administration has shown no commitment or put in any energy to resolving the parking problems. The council cannot simply ditch the concerns of the community over the parking issue based on a half-baked so called 'consultation' with such pathetic levels of participation.

[Weekly Road Report – West End Ward](#) [#dundeewestend](#)

LET'S GO ROUND AGAIN

Work by artists and designers who studied at
Duncan of Jordanstone College of Art 1968-72

Lamb Gallery, Tower Building, University of Dundee
7 February - 22 April 2022, Mon-Fri 9.30am-7pm

www.dundee.ac.uk/museum

From the Curator of Museum Services at the University of Dundee :

Our new exhibition is open in the Lamb Gallery :

Let's Go Round Again

Runs until 22 April 2022, Monday to Friday 9.30am-7pm

Lamb Gallery, Tower Building, University of Dundee

This exhibition features a selection of work by artists and designers who studied at Duncan of Jordanstone College of Art in Dundee in 1968-72.

Since graduating they have followed many different paths, in art education and administration, social work, graphic design and photography among others.

Now they have reunited to show new work alongside some of their original student pieces. The show features a diverse range of paintings, textiles, jewellery, photographs, prints and ceramics.

Many thanks to the residents who contacted me recently about just how badly worn the road surface is, especially near to the Benvie Road junction.

I have asked the City Council to undertake repairs here – ideally it needs fully resurfaced.
