

Points to note for visiting “teamLab: Continuous” exhibition of “Art@Harbour 2024” (with video)

The Leisure and Cultural Services Department (LCSD) is presenting the large-scale outdoor art project "Art@Harbour 2024" from today (March 25) to June 2 at Tamar Park and the Central and Western District Promenade (Central Section). The exhibition opens from 6.30pm to 11pm. Members of the public who wish to enter the lawn area for a better visiting experience by interacting with the exhibits are required to pre-book their visits through the Klook system every Monday at noon for the visiting sessions in the following week. They can also register for available same-day quota at 1pm daily. Reservations are not required for visiting other areas and exhibits of "Science in Art". To ensure a better visiting experience, the LCSD reminds visitors of the following points to note:

- (1) Visiting time for each registered session is limited. Registered visitors should arrive at the exhibition on time for the pre-registered period.
- (2) Visitors are reminded to maintain a quiet environment, keep moving along slowly and avoid running or prolonged stops during the visit. Exits are located on both sides of the exhibition area near the promenade.
- (3) Do not slap exhibits as it may affect visitors behind the exhibits.
- (4) Beware of uneven ground and take care of children.
- (5) To allow more visitors to enjoy the display and to provide a better visiting experience, clearance may be implemented every night at some of the exhibition areas to disperse crowds. Visitors should follow the instructions of on-site staff during clearance and co-operate with them in an orderly manner.
- (6) The exhibition closes at 11pm. No visitors will be admitted from 10.50pm. Holders of a valid entry QR code for the last session (i.e. the session starting 10.30pm) should ensure sufficient visiting time.

The LCSD has produced a short video on the points to note.
