

[Press release: Colin Allar's response to the recent ofsted inspection of Oakhill STC](#)

Colin Allar's, YJB Chief Executive, response to the recent ofsted inspection of Oakhill STC

Colin Allars, Chief Executive of the YJB said:

"The improvements Oakhill STC has made on academic achievement, resettlement and staffing have been positively recognised by the inspection teams.

"It is clear, though, that more needs to be done to effectively address the levels of violence and other concerns raised in this report.

"We are working with the provider to raise their performance so that the expected standards of service and care are met fully."
