

Press release: Fishing cheats land big fines in court in Middlesex

Anglers had penalties of over £450 each imposed at Uxbridge Magistrates Court on 6 February 2017 for fishing illegally, without an Environment Agency rod licence.

Adam Younie 26 of Haverhill, John Tibbs 46 of Romford, and Steve Sullivan 48 were caught fishing without a licence by Environment Agency fisheries enforcement officers at Thorney Weir lakes, West Drayton, Middlesex. Each were fined £300 (with £127 costs and £30 victim surcharge) when an Environment Agency annual licence at the time, cost just £27.

All anglers failed to appear in court. Environment Agency Fisheries Team Leader, Richard Tyner said:

We check licences across all fisheries in Hertfordshire and Essex, and work in partnership with fishery owners and the police to detect and deter fisheries crime. People who don't buy a licence are cheating other anglers and the future of the sport. The Environment Agency relies on the income from rod licence sales to continue the important work we do to protect fish stocks, improve fisheries and encourage more people to take up fishing.

If you are caught fishing without a rod licence you risk a criminal conviction and a fine up to £2,500. There is no excuse. Annual rod licences for trout and coarse fishing remain at £5 for 12 to 16 year olds, £18 for senior and disabled concessions and £27 for non-concessions. Children under 12 can fish for free. Licences are easy to buy from the Post Office website or by phone on 03448 005 386 prior to fishing. Anglers should always ensure they have permission to fish at a fishery and check Environment Agency byelaws.

Last year, Environment Agency officers checked more than 62,000 licences and prosecuted more than 1,900 licence cheats. Between them, they were ordered to pay fines and costs in excess of £600,000. To help crack down on unlicensed fishing, the Environment Agency urges anyone to report illegal activity by calling 0800 80 70 60 or anonymously to Crimestoppers on 0800 555 111.

Money raised from rod licence sales is reinvested in the environment, including; a wide range of projects to improve facilities for anglers, protecting stocks from illegal fishing, fish restocking, invasive species eradication, and working with partners to encourage people to take-up fishing for the first time.
