5 men have been convicted for the murder of Russian opposition politician Boris Nemtsov. The investigation has not gone as far as identifying those who ordered the assassination.

The family of opposition politician Boris Nemtsov are still seeking justice for his callous murder. The investigation must continue in order to ensure that all responsible, including those who ordered the assassination, are brought to justice.

Foreign Office spokesperson:

The Foreign and Commonwealth Office supports Boris Nemtsov's family in their call for a fuller investigation into who ordered his murder. Responsibility for his murder goes further than those already convicted, and we call on the Russian government to bring the perpetrators to account.
