

[Press release: IPO launch new IP resources for universities and colleges](#)

This week saw the launch of a suite of new tools developed by the Intellectual Property Office (IPO). The new toolkit will help students, teachers and lecturers explore the relevance of IP in their lives and future careers.

[The Future Innovators Toolkit](#) (FIT) provides Science, Technology, Engineering and Mathematics (STEM) teachers with the resources they need to introduce IP at any point in the curriculum.

Focussing on developing enterprise and employability skills, FIT consists of lesson plans, case studies, research scenarios and PowerPoint slides. These resources raise understanding of managing and exploiting IP and prepare STEM students for Higher Education or their careers.

IP Tutor Plus has also been launched to support university lecturers and deliver consistent messaging on IP. [IP Tutor Plus](#) explains what IP is and how it fits into their students' future careers. It includes slides, lecture notes, FAQs, case studies and wider talking points. The Law, Business & Accounting module is currently available. The Creative, Humanities and STEM modules are coming soon.

The IPO recently launched [IP for Research](#) for PhD students and researchers to understand the importance of IP in maximising the impact of their research. The IP for Research programme includes 6 quick guides on the commercialisation process, face-to-face workshops and an IP skills lens.

With IP Tutor, Intellectual Asset Management Guide for Universities and Lambert Toolkit already supporting students, management and collaborations. These new tools complete the comprehensive support for students, lecturers and researchers.

Future Innovators Toolkit, IP Tutor Plus and IP for Research are all available on the [Cracking Ideas portal](#).
