

[Press release: Join Anglian flood and coastal committee](#)

The Environment Agency is looking for members to join the Regional Flood and Coastal Committee (RFCC) which covers the River Great Ouse catchment, including large parts of the Fens, part of the Wash and North West Norfolk coast. Roles will start in July 2017 and January 2018.

RFCCs play an important role in deciding local priorities for flood and coastal work. They have a critical role supporting the Environment Agency and local authorities to work with communities and other partners to help bring in more funding.

More people are needed to help develop plans. They should have effective communication skills, be able to think strategically and bring enthusiasm, expertise and new ideas, using their particular skills and experience to advise and provide opinions during committee meetings.

A specific vacancy exists for a member with coastal expertise and focus. Someone able to network nationally and help develop innovative ideas with partners and communities. The RFCC has a varied and vulnerable coastline that extends from the west of King's Lynn through to Hunstanton cliffs.

There are also 3 vacancies for general members and, in particular, applications will be welcome from people with knowledge and experience of incident management, community resilience, agri-business and industry, land drainage, water management or strategic/spatial planning.

New members will have a contact within the Environment Agency who they can work closely with to ensure they have a good understanding of the issues and discussions taking place at meetings and who will be happy to answer any queries.

RFCC members are all appointed as impartial individuals in their own right and not as representatives of any particular organisation. It is important that the committees represent the communities they serve. All public appointments are made on merit, following a fair, open and transparent process.

Members would be expected to attend 4 committee meetings per year and are able to claim expenses.

Anyone interested in helping to make a difference in their local area should get in touch to discuss further with Paul Burrows (Environment Agency Flood & Coastal Risk Manager) on paul.burrows@environment-agency.gov.uk or on 07824431597.

For an application pack please [visit](#) or contact Stephanie North on 02030 251938 or email AnglianRFCCs@environment-agency.gov.uk

Closing date for applications is 13 April 2017. Interviews taking place the week commencing 19 June 2017 at Environment Agency offices, Bromholme Lane, Brampton, Huntingdon, Cambridgeshire, PE28 4NE.
