

Press release: Stewartby public consultation deadline extended

The Environment Agency has extended the deadline for its public consultation on the draft environmental permit for the proposed energy from waste facility at Rookery Pit, Stewartby, Bedfordshire, which would be operated by Covanta Energy Limited.

The public consultation period has been extended by 2 weeks and will now run from 11 September to 7 November 2017 to allow people more time to read all the available information.

A permit will only be issued by the Environment Agency if it is satisfied that the facility will be designed, built, operated and maintained in such a way that the requirements of the relevant EU Directives are met and that human health and the environment are protected.

This will be decided following consultation with the relevant local councils and their health departments, the Food Standards Agency, Public Health England, the Health and Safety Executive and other identified statutory consultees.

People wanting to provide comments to be considered during the determination by the Environment Agency should send them to: psc@environment-agency.gov.uk or write to: Environment Agency, Permitting Support Centre, Land Team, Quadrant 2, 99 Parkway Avenue, Sheffield, S9 4WF.

Please quote permit application number EPR/WP3234DY/A001.

To provide comments online and to view the documents that form part of this consultation, please follow this [link](#)

Interested parties can also make an appointment to view a copy of the draft permit and draft decision document at the local Environment Agency office, located at: Bromholme Lane, Brampton, Huntingdon, Cambridgeshire, PE28 4NE.
