

Press Releases: Applauding Facebook's Action Targeting Malign Activity

Press Statement

Department Spokesperson

Washington, DC
August 1, 2018

We applaud Facebook's decision to expunge accounts, orchestrated from abroad, that foment division and violence inside the United States. These efforts are part of a broader external campaign aimed at weakening America and threatening our way of life by pitting citizens against each other and sowing discord in general. We urge all technology companies to take an aggressive approach to this insidious problem. We demand that Russia and all other malign actors immediately cease this reckless behavior. As President Trump, Vice President Pence, and Secretary Pompeo have said repeatedly, the United States will not tolerate foreign, including Russian, attempts to subvert our democratic processes and institutions.
