

Press Releases: Bureau of Overseas Buildings Operations' Industry Advisory Group Charter Renewed

Media Note
Office of the Spokesperson

Washington, DC
August 31, 2017

The Bureau of Overseas Buildings Operations' Industry Advisory Group (IAG) charter has been renewed for an additional 2-year period. The IAG serves in an advisory capacity with respect to industry and academia's latest concepts, methods, best practices, innovations and ideas related to property management that are applicable to OBO's vital mission to provide safe, secure and functional facilities that represent the U.S. Government to the host nation and support our staff in the achievement of U.S. foreign policy objectives.

The group meets annually in the spring at the U.S. Department of State in Washington, DC. Procedures for registration are included with each meeting announcement, no later than 15 business days before each meeting.

OBO's mission is to provide safe, secure and functional facilities that represent the U.S. Government to the host nation and support our staff in the achievement of U.S. foreign policy objectives. These facilities represent American values and the best in American architecture, engineering, technology, sustainability, art, culture, and construction execution.
