

Press Releases: Sharara Oil Field in Libya

Press Statement
Robert Palladino

Deputy Spokesperson

Washington, DC
December 18, 2018

The United States continues to monitor the situation at the Sharara oil field and echoes the UN Support Mission for Libya's call for the immediate and unconditional withdrawal of armed elements in the area, which is crucial to allow oil production for the benefit of all Libyans to resume. We call on all parties to resolve issues through constructive dialogue and peaceful means in the spirit of compromise, rather than through threats of violence.

Libyan oil facilities, production, and revenues belong to the Libyan people. The National Oil Corporation and all sovereign state institutions must be allowed to work on behalf of all Libyans, free of threat and intimidation. Libya's oil resources must remain under the exclusive control of the legitimate National Oil Corporation and the sole oversight of the Government of National Accord, as outlined in UN Security Council Resolutions 2259 (2015), 2278 (2016), and 2362 (2017).

We understand the economic challenges facing many citizens, particularly in the southern region. The United States stands in solidarity with Libyan leaders and urges their continued effort to improve fiscal transparency, strengthen economic institutions, enhance security, and ensure just distribution of the country's resources, within the framework of the Libyan Political Agreement and the Plan of Action formulated by UN Special Representative of the Secretary-General Ghassan Salamé.
