Washington, DC
October 30, 2018

The Department of State has awarded the construction contract for the new U.S. Consulate General project in Guadalajara, Mexico to B.L. Harbert International of Birmingham, Alabama.

This complex will provide a safe, secure, and modern facility platform for the Consulate community and those it serves. Miller Hull Partnership, LLP of Seattle, Washington is the design architect for the project and Page of Washington, D.C. is the architect of record.

Since 1999, as part of the Department's Capital Security Construction Program, the Bureau of Overseas Buildings Operations (OBO) has completed 149 new diplomatic facilities and has an additional 53 projects in design or under construction.

OBO's mission is to provide safe, secure, and functional facilities that represent the U.S. government to host nations and support our staff in achieving U.S. foreign policy objectives. These facilities represent U.S. values and the best in U.S. architecture, engineering, technology, sustainability, art, culture, construction execution, and resiliency.
