

# Proposed installation of two optical fibre submarine cables in Chung Hom Kok gazetted

The Government has proposed to allow China Mobile International Limited to install two optical fibre submarine cables from Chung Hom Kok to the eastern boundary of the Hong Kong Special Administrative Region. The extent of the area of foreshore and sea-bed affected is described in the notices published in the Government Gazette today (May 29).

The cable of the [South East Asia – Japan 2 Cable System – Hong Kong Segment](#) is approximately 37.5 kilometres in length and 47 millimetres in diameter. It will connect Hong Kong with Japan and major Southeast Asian countries and provide reliable, fast, and high quality communication network infrastructure. The proposed works are tentatively scheduled to commence in September this year for completion by March 2021.

The cable of the [Bay to Bay Express Cable System – Hong Kong Segment](#), approximately 36.3km in length and 38mm in diameter, will provide lower latency connectivity among Hong Kong, the United States, Malaysia and Singapore. The proposed works are tentatively scheduled to commence in March 2021 for completion by September in the same year.

The notices and the related plans are posted near the sites. The plans are also available for inspection at:

- \* Survey and Mapping Office of the Lands Department (23/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong) where copies can be purchased on order;
