

Provision of BioNTech vaccination at Kwai Tsing District Health Centre

The Food and Health Bureau announced today (February 24) the provision of COVID-19 vaccination at the Kwai Tsing District Health Centre (DHC). The DHC will provide BioNTech vaccination service to members of the public with a view to boosting the vaccination rate further.

Members of the public can make reservations for vaccination at that DHC on February 28 or later via the designated website of the COVID-19 Vaccination Programme (www.covidvaccine.gov.hk) starting from 9am tomorrow (February 25).

The service will tentatively last for four weeks. Eligible persons aged 12 or above can make bookings for receiving their first, second or third dose of the BioNTech vaccine through the online booking system. There is no same-day ticket arrangement at the Kwai Tsing DHC. Located on Level 30, Tower 2, Kowloon Commerce Centre, 51 Kwai Cheong Road, Kwai Chung, New Territories, the DHC operates daily from 9am to 6pm.

As close partners in promoting public healthcare, DHCs/DHC Expresses in various districts have been rendering support in the fight against the epidemic at the district level by conducting anti-epidemic promotional and educational activities, assisting people to book appointments for COVID-19 vaccination, and more.
