

# Public consultation on proposed updates to safety standards for toys and children's products launched

The Government launched a public consultation today (December 2) on the proposed updates to Schedules 1 and 2 to the Toys and Children's Products Safety Ordinance (Cap. 424) to implement up-to-date safety standards promulgated by the relevant standardisation bodies for toys and children's products listed in Schedule 2 (Schedule 2 products).

The Ordinance stipulates that a person must not manufacture, import or supply a toy or a Schedule 2 product unless it complies with all the applicable requirements contained in any one of the safety standards (international standards or standards adopted by major economies) specified in Schedule 1 (applicable to toys) or Schedule 2 (applicable to Schedule 2 products) to the Ordinance. The Government keeps in view any updates or amendments to the safety standards so as to apply up-to-date and operative versions of the standards to toys and Schedule 2 products supplied in Hong Kong.

As the safety standards specified for toys and for seven classes of Schedule 2 products, namely (i) babies' dummies; (ii) baby walking frames; (iii) bottle teats; (iv) bunk beds for domestic use; (v) carry cots and similar handled products and stands; (vi) children's paints; and (vii) wheeled child conveyances have been updated, the Government proposes to adopt the up-to-date versions of those safety standards under the Ordinance. Details of the proposals are available on the website of the Commerce and Economic Development Bureau at [www.cedb.gov.hk](http://www.cedb.gov.hk).

Members of the public are welcome to send their views on the proposals in writing to the Commerce and Economic Development Bureau at 23/F, West Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong, or by fax to 2869 4420, or by email to [tcpso\\_standards\\_updates@cedb.gov.hk](mailto:tcpso_standards_updates@cedb.gov.hk), on or before January 2, 2025.
