

Public hospital daily update on Wuhan-related cases

The following is issued on behalf of the Hospital Authority:

As at noon today (January 4), in the past 24 hours, public hospitals have admitted three patients (one male and two female), who have been to Wuhan in the past 14 days and presented with fever and respiratory infection or pneumonia symptoms, aged 4-50. The patients are being treated under isolation in the Prince of Wales Hospital, Tseung Kwan O Hospital and Tuen Mun Hospital now. The Hospital Authority (HA) has reported the cases and sent the specimen to the Department of Health (DH) for testing. The concerned patients are in stable condition. The HA will keep monitoring the patients' condition and provide appropriate treatment.

Including the above-mentioned cases, public hospitals have reported eight concerned patient cases to DH since December 31, 2019. Five of them have been discharged.
