

Public should beware of scam video about investment plan purported to be recommended by CE

A Government spokesman today (March 21) again advised members of the public to stay vigilant about forged video clips created by artificial intelligence circulating online about an investment plan purported to be recommended by the Chief Executive. The Government clarified that the so-called remarks by the Chief Executive are fictitious, and vehemently condemned those who have attempted deception in the name of the Chief Executive.

The spokesman reminded the public to be cautious regarding similar investment-related advertisements or promotional videos. They should not provide their personal information online, sign up for mobile applications or open any links. Members of the public should remain vigilant and verify the authenticity of such content.

The incident has been referred to Police for a follow-up investigation.
