

QEH announces passing away of COVID-19 patient

The following is issued on behalf of the Hospital Authority:

The spokesman for the Queen Elizabeth Hospital announced today (July 27) that a 76-year-old female patient confirmed with COVID-19 infection (case no: 2107) passed away last night (July 26).

The patient with chronic disease was admitted to the Queen Elizabeth Hospital on July 21 due to cough and abdominal pain. Her condition continued to deteriorate and the hospital had communicated with the family about the patient's condition. The patient's family agreed to have Do-Not-Attempt Cardiopulmonary Resuscitation if the patient condition further deteriorated. The patient eventually succumbed at 11.23pm yesterday.

The Hospital was saddened about the passing away of the patient and would offer necessary assistance to his family.

Including the above case, 19 COVID-19 confirmed patients have passed away in public hospitals so far.
