

Remote payment functions in “HKeMeter” mobile application were temporarily out of service this morning and now resumed service

A spokesman for the Transport Department (TD) said today (October 14) that the remote payment functions in the "HKeMeter" mobile application, which were temporarily out of service from 10am to 11.30am today due to a backend system problem, have now resumed service. The TD apologise for any inconvenience caused. For enquiries, motorists can contact the service hotline at 2332 3700.
