

Research and analysis: Waste management for England 2016

Updated: Revised spreadsheet 'Waste management 2016 in England: data tables'. Amendment to 'Operational incinerators' worksheet.

Data is presented at a national level (for England) or by former English government planning regions (for trend consistency). The data reports on:

- landfill inputs and capacity
- transfer inputs
- treatment inputs
- incineration inputs and capacity
- metal recycling inputs
- disposal in or on land inputs
- use of waste inputs

Information on the management of hazardous wastes and the number of sites is also included. Information on other site types can be supplied on request.
