The Civil Engineering and Development Department today (July 31) announced that the Sam Mun Tsai waterfront cycle track in Tai Po has been opened.

The 900-metre long cycle track, running along Sam Mun Tsai Road from the junction with Ting Kok Road, is an extension of the Sheung Shui to University Station section of the New Territories Cycle Track Network.

The cycle track is surrounded by the stunning natural scenery of Pat Sin Leng, Plover Cove and Tolo Harbour. Cyclists can enjoy panoramic views of the entire Shuen Wan Typhoon Shelter along the route. A resting station at the end of the cycle track provides ancillary facilities, including a toilet, water dispensers, sheltered benches and cycle parking spaces.

For details, please visit the thematic website of the New Territories Cycle Track Network (www.ntctn.hk). The route of the Sam Mun Tsai waterfront cycle track is also available in the all-in-one mobile application "HKeMobility".
