

Schools advised to implement contingency plan under rainstorm warning signal

Attention TV and radio duty announcers:

Please broadcast the following special announcement by the Education Bureau concerning schools, and repeat it at suitable intervals:

For the prevention and control of COVID-19, students would temporarily learn from home before the resumption of face-to-face classes. Nevertheless, schools should remain open to accommodate students who have to go back to school as necessary. As the Red Rainstorm Warning Signal is now in force, schools should implement contingency measures to ensure the safety of students. The schools concerned should refer to their scheduled time and should ensure that conditions are safe before allowing students to return home.
